

Re: Sinclair Broadcastings enforced showing of a biased film: Please use your role as watchdog to keep bias out of our elections. The media is not to broadcast biased information before an election. Please enforce this regulation with Sinclair Broadcasting. An even playing field is the only way to guarantee a democratic election. I find it interesting you would not show a MOVE ON ad on Superbowl Sunday and allow this biased program to air less than three weeks away from a close election. What part of the concept "fairness" don't you understand?
